

UAW Strike Benefits in Event of Unfair Labor Practice Strike

Our contract expires on Friday, October 31, 2008. As we have discussed in previous emails, CSU has engaged in a pattern of unlawful bargaining practices. Most significantly, CSU is conditioning bargaining a fee waiver benefit with us on resolving bargaining with other Unions.

Not only do other Unions support us in our efforts to win a fee waiver, but they are calling on CSU to stop their unlawful bargaining and negotiate a fee waiver benefit with us now. See the letter to Chancellor Reed from CFA on our website by clicking [here](#).

In the event that the bargaining committee determines that CSU's unlawful bargaining warrants calling an unfair labor practice strike, we wanted to inform you that UAW Strike Assistance for members who participate in a strike activity assigned by the local union (like picketing) is \$200 per week.

If you have questions, or would like to get more involved, please contact us by responding to this email or calling the office (916) 498-8452.
