Catastrophic Leave Donation Program

- 14.14 Any bargaining unit employee who accrues vacation or sick leave credits may voluntarily donate either of those credits to or receive them from any other CSU employee on the same campus, if the recipient employee has exhausted all accrued leave credits, i.e., sick leave, vacation, and CTO, due to a catastrophic illness or injury. Catastrophic illness or injury is an illness or injury that has totally incapacitated the employee from work. The following provisions shall apply:
- a. An employee, his/her representative or the employee's family member must request the employee's participation and provide appropriate verification of illness or injury as determined by the campus President. The President shall then determine the employee's eligibility to receive donations based upon the definition provided above.

 - c. An employee may donate a maximum of sixteen (16) hours of leave credits per fiscal year in increments of one hour or more. Donations are irrevocable.

The total amount of leave credits donated and used may not exceed

an amount sufficient to ensure the continuance of the employee's regular monthly rate of compensation.

- e. The total donated leave credits shall normally not exceed an amount necessary to continue the employee for three calendar months calculated from the first day of catastrophic leave. The President may approve an additional three-month period in exceptional cases. The leave should not be deemed donated until actually transferred by the campus record keeper to the record of the employee receiving leave credits.
- f. For employees whose appointments have not been renewed, donated time may not be used beyond the employee's appointment expiration date in effect at the beginning of the disability.
- g. Only vacation and sick leave credits may be donated.
- h. Donated leave credits may not be used to receive service credit following a service or disability retirement.
- i. Any CSU union may solicit leave donations from bargaining unit employees for direct transfer to employees eligible to receive such leave credits.
- j. Catastrophic illness or injury may also include an incapacitated member of the employee's immediate family if this results in the employee being required to take time off for an extended period of time in order to care for the family member and the employee has exhausted both all of his/her accrued vacation credits and all of his/her accrued sick leave credits which may be used for family care in accordance with the appropriate collective bargaining Agreement. Only donated vacation credits may be used for such family care catastrophic leave. Immediate family members shall be defined in accordance with the definition contained in the sick leave provisions of the collective bargaining Agreement covering the recipient employee.
- k. The provisions of this Agreement shall be subject to the grievance procedure contained in the collective bargaining Agreement applicable to the grieving employee.
